Smooth Speech Intensive Program

Am I able to attend?
The Smooth Speech Intensive Program is an appropriate, effective treatment for anyone experiencing difficulty with communication skills as a result of a stutter. Those who have recently undergone Smooth Speech treatment and require further consolidation of their Smooth Speech skills are invited to register for the program.

What fluency treatment will I receive?
- The program will involve learning and practising Smooth Speech to alter your speech pattern
- Smooth Speech is one of the most widely used treatments for stuttering and has the best evidence for effectiveness in the short to long term
- Individually tailored to suit your current fluency needs
- Students will conduct treatment under the close supervision of qualified and experienced Speech Pathologists.

Treatment days:
Inclusive Monday to Friday

Treatment dates:
School holidays in January
School holidays in June/July
